Safety in the Midst of Danger.

This would seem a contradiction- is has proved its possibility. Take the case of the individual who dwells in a malabious region. A robust constitution is no certain defence against the dreaded chills. What is? Recorded testimony, covering a period little short of half a century, proves that Hostetter's Stomach Bitters is precisely this. This continent does not limit the field where the medicine has proved its eilleney. In South America, the Isthmus of Panama, Mexico, everywhere in fact where miasmi-born disease takes on its most obstinate and formidable lypes, the Bitters is a recognized specific in illimitable demand, and prescribed by physicians of repute.
